Third Wave productions. Hank Neuberger, Terry Fryer, Van Morrison At the Ryman Auditorium, (Grand Ol' Opry) March. 06

Brought our Holophone down to the historic Ryman Auditorium (the original Grand Ol Opry) in Nashville to record Van Morrison on Tuesday. It was basically the only audience mic we used.

The crew from the Opry was blown away the very first time I solo'd the audience. Frankly they flipped. Thought it was amazing. And I was monitoring in stereo!! They asked all about it, including the cost, which they thought was very reasonable.
